

What's on!

together we can
**improve the
community**

'Together we can...' is a project involving many organisations that provide services in the community; this includes **Cumbria County Council** and other district and local councils, **Cumbria Fire & Rescue Service**, the **NHS**, the **Police** and community and voluntary organisations amongst others. They have all come together to try and make a positive difference in local areas across Cumbria.

That means that in addition to the work they usually do they are targeting areas for an intensive 'top up'.

The idea is to try and 'fix' any problems that may be affecting the community for example removing graffiti, picking up litter, fitting smoke alarms, cleaning road signs.

Based on what some local residents have told us they'd like to see improved in the Harraby area, we've arranged a programme of activity to try and tackle some of these issues.

If there's something that isn't listed in our plan that's important to you that you'd like 'fixed' then get in touch with your comments and ideas. Just remember to tell us which area you are talking about!

Get in touch!

Tel: Paul Carrigan **01228 221054** or Anne Hull **01228 226315**
